

NEW YORK STATE PAID FAMILY LEAVE COALITION

Working Together for New York's Working Families

Tell us about times when your work and families conflicted:

“What happens when you are forced to choose?”

Tell us what you have done when it was urgently important for you to spend time with a family member—and getting time off from work seemed impossible.

Examples:

- “After his stroke my father can’t get himself to his physical therapy appointments.”
- “After my 83 year old Mom broke her hip it was either me at home or the nursing home.”
- “It tears me apart to leave my 8 week old daughter with a stranger all day.”
- “My 10 year old son can’t take himself for dialysis.”
- “My wife needs someone to take her to chemotherapy.”
